Date of birth: 02.06.1994 | Work permit: Blaue Karte EU

Profile

Full-Stack AI Engineer with 5+ years of software engineering experience, specialising in cybersecurity for SMEs. Co-creates practical AI-powered solutions with SMEs, educators and EU partners, using the ISO 27K controls to structure risk assessment and security awareness.

Work Experience

08.2024 – present

Software Engineer, cyberGEIGER GmbH, Freiburg, Germany

Customer & Partner Collaboration

- Presented cybersecurity tools and led hands-on sessions with SMEs in Larissa (2025) and Paris (2026) through the EU CyberSuite project, gathering their feedback to inform product improvements.
- Co-created and launched an AI learning platform with teachers at Pädagogische Hochschule Freiburg, using requirements workshops and Domain-Driven Design to enable teachers to create and manage AI teaching assistants.
- Contributed to the DataPro Erasmus+ AI assistant that helps teachers deliver cybersecurity lessons to high-school students across 4 EU countries.

AI-Powered Cybersecurity

- Built AI-powered security tools for SMEs based on the ISO 27K controls: the GEIGER risk-assessment service (RAG and agentic workflows with Python/FastAPI, Azure OpenAI and Azure AI Search) and the cyberCoach security-awareness assistant on WhatsApp and Telegram.
- Kept the security knowledge base current with an n8n ingestion pipeline gated by an LLM validation agent; fine-tuned a phishing-analysis LLM (93.4% accuracy, 93.1% F1).

Delivery & Operations

- Led DevOps and release management for iOS, Android and web apps and containerized backend services, with Terraform-provisioned Azure infrastructure and production monitoring (OpenTelemetry, Grafana, Prometheus, Sentry).

03.2023 – 08.2024

IT Consultant, IAESTE Services / ISACD, Nigeria

- Advised SMEs on cybersecurity: assessed their risks and recommended practical measures and tools suited to their size and budget.

04.2021 – 01.2023 | **Research Assistant**, Institute for Interactive Technologies (IIT), FHNW, Windisch, Switzerland
- Took GeigerToolbox from initial concept and architecture (as intern) to a working Flutter/Dart cybersecurity risk-assessment app for SMEs in the EU Horizon 2020 GEIGER project – the foundation of today's production GEIGER app.

04.2019 – 03.2021 | **Software Developer**, ICT Unit, Federal University of Petroleum Resources, Nigeria
- Built and maintained the university website and student portal with HTML, CSS, JavaScript, PHP and MySQL.

05.2017 – 12.2018 | **Frontend Developer Intern**, Complete Computers and Technology, Nigeria

Certifications

10.2026 | **Model Context Protocol Associate (MCPA)**, Agentic AI Foundation

06.2025 | **Kubernetes and Cloud Native Associate (KCNA)**, The Linux Foundation

06.2023 | **Agile and Scrum Fundamentals**, IBM

03.2023 | **Reactive Architecture: Reactive Microservices**, Lightbend

Education

03.2015 – 01.2019 | **Bachelor in Computer Science**, Federal University of Petroleum Resources, Nigeria
Thesis: "Automated Waste Management System"

Skills

AI / LLM Azure OpenAI, Gemini, RAG, embeddings & vector search, Agentic AI, MCP, LangChain, Microsoft Agent Framework, LLM fine-tuning & evaluation (PEFT/LoRA).
AI Platforms Azure AI Foundry, Firebase AI Logic.
Backend & Data Python, FastAPI, Node.js/Express, REST & gRPC APIs, Firebase, MongoDB, PostgreSQL, MySQL, n8n.
Frontend & Mobile Flutter/Dart, React, TypeScript.
Cloud & DevOps Azure, Terraform, Docker, Kubernetes, GitHub Actions, OpenTelemetry, Grafana, Prometheus.
Cybersecurity ISO 27K controls (ISO/IEC 27001/27002), security awareness, phishing analysis.
Soft Skills Stakeholder communication, presentation and workshop facilitation, collaborative problem-solving, cross-cultural collaboration, mentoring.
Languages English (native), German (A2; B1 course in progress).

Volunteering & Interests

Mentoring Support international students on IAESTE internship programmes.
Language & Community Weekly German conversation sessions at Sprachmut; meeting new people over coffee.
Sound & Media Regularly volunteer with a local choir, helping deliver clear sound and engaging multimedia.
Sport Weekly community CrossFit sessions and football.
